PREPARATIONS FOR WAR

Confidential Dispatches From Gen. Funston Enlivens War Department, Which Endeavors to Find How Quick State Militia Can Reach Seaboard.

AUTHORITIES MAY NOT WAIT FOR MILITIA DIVISIONS TO BE RECRUITED

Mediators Pay But Little Attention to Complaint of Huerta—Expect to See Matter Adjusted—Will Include Rebels and Pacification of Mexico in Mediation.

By Associated Press.

Washington, D. C., May 8.—The Mexican situation assumed a more warlike aspect today. Activities in the War Department which began last night on the receipt of long confidential advices from General Funston, were renewed throughout the morning and were brought to the attention of President Wilson and the Cabinet when the regular session began at 11 o'clock.

In connection with the military preparations for a possible forward movement, it became known that the officials of the War Department have been in long distance telephone communications with the Governors of New York, Pennsylvania and Ohio in an effort to determine how soon the militia organizations in those states could be mobilized and sent to the seaboard for shipment in transports. The department has been energetically working on preparations for the possible mobilization of the National Guard for some time. Lately inquiries of the Department were directed toward ascertaining how soon the New York, Pennsylvania and Ohio troops could be put in motion in their present condition without delay that would be necessitated by recruiting them up to full war strength.

In the theoretical organization of the militia, Pennsylvania and New York state each could make up a full division. They are the only states supplying a full division quota. Ohio combines with Michigan to fill a division, and the other divisions are made up of several states each. While this activity disclosed that every preparation is being made for possible eventualities, yet Secretary Garrison said just before entering the Cabinet meeting that "No additional troop movements have been ordered."

In the midst of military operations came definite word that the mediating envoys had received from General Huerta, and submitted to this government, complaint that new landing of American troops and war material at Vera Cruz amounted to a breaking of the armistice which had been arranged by the South American diplomats after their good offices in the Mexican crisis had been accepted by General Huerta and the United States. This also was one of the subjects before the cabinet.

Secretary Bryan stated early in the day that the mediators' note had been received by him and that reply would be made. Meantime, it was authoritatively stated from sources close to the mediators that they are of the opinion they will be able to persuade General Huerta that the United States has not been violating, in spirit at least, the armistice which had been agreed upon; otherwise a stumbling block would be placed in their way which might render virtually useless their further efforts at mediation.

The note from General Huerta, alleging violation by the United States of the armistice, it was learned, reached the mediators who are working in the utmost possible secrecy, day before yesterday, and was presented by them to Secretary Bryan. The mediators themselves declined to comment in any way on the matter, but it is known that they are proceeding with their peace plan as if nothing untoward had happened, expecting to see the armistice controversy cleared away soon. They were in conference during the day discussing their plans, which is to include, it is learned, the Constitutional side of the Mexican problem and the pacification of all Mexico.

A delegation of Tampico oil men, who yesterday conferred with Secretary Daniels of the Navy, today visited Secretary Bryan and urged measures for the protection of the oil properties in the disturbed section around Tampico. The conference was extended and while it was on Charge Nelson O'Shaughnessy, who called at the State Department, was unable to see the Secretary. He left saying he would return later in the day. The British Ambassador also conferred with Secretary Bryan as to conditions at Tampico and as to negotiations which might insure the safety of the oil properties and oil company employees. The British Embassy here has made representations to Mexico City in behalf of American and English employees in the oil districts in and about Tampico. These foreigners when they attempted to land and resume their work were driven out with threats. There has been no response from Mexican officials.

THROWING COLD WATER ON NEWS

By Associated Press.

Washington, D. C., May 8.—Mr. Tumulty, secretary to President Wilson, declared emphatically that, as far as known at the White House, there was "no serious crisis at Vera Cruz."

He said that the dispatch from General Funston detailed conditions as described by refugees, and merely confirmed information already in the hands of the President.

CAPTURE SAN LUIS POTOSI

By Associated Press.

Washington, May 8.—(Bulletin)—San Luis Potosi has fallen into the hands of the Constitutionalists, according to information which Secretary Bryan transmitted to a caller today.

10 JURORS IN BOX

By Associated Press.

New York, May 8.—Four jurors were added to the six obtained at the morning session of the Becker trial. It is probable that the entire jury will be secured before adjournment today.

TO GIVE FUNSTON ENOUGH MEN FOR WAR OR DEFENSE

Funston's Secret Reports Stir Military Authorities, and It Is Decided Strong Reinforcements Are Needed to Defend Vera Cruz or Invade Interior—Officials Refuse to Give Out Information Concerning Conditions.

By Associated Press.

Washington, D. C., May 8.—It has been learned on high authority that the war department had under consideration today adequate reinforcement of the command of General Funston at Vera Cruz to carry out any movement that might be necessary to the interior of Mexico.

The question of placing a large force of Americans at Vera Cruz that would be strong enough to defend that port against any attack or to undertake a possible campaign against Mexico City was later laid before the President and his Cabinet by Secretary of War Garrison.

War Department officials, it was stated, decided that reinforcements were needed at Vera Cruz at the late conference of Secretary Garrison and the General Staff last night. The Secretary and his advisers went over the entire military situation at Vera Cruz and other points in Mexico before reaching the decision.

Secretary Garrison called the conference after a cipher telegram from

CLAIM VIOLATION OF THE ARMISTICE

Mediators File Complaint With Sec. Bryan That American Operations at Vera Cruz Are Not in Accordance With Understanding.

OFFICIALS ASSERT NO ARMISTICE HAS AS YET BEEN ENTERED INTO

Authorities Also Declare That It Was Assumed That During Mediation Hostilities Would Be Suspended, Except to Repel Attack.

By Associated Press.

Washington, D. C., May 8.—Secretary Bryan admitted today that this government had received a note from the South American mediators seeking to solve the Mexican crisis, in which complaint is made by the Huerta government that American operations at Vera Cruz are in violation of the armistice, as also Article 8. "The acceptance of mediation cannot, unless by an agreement to the contrary, have the effect of interrupting or hindering mobilization or other measures or preparation for war." If mediation occurs after the commencement of hostilities it causes no interruption to military operations in progress, unless there be an agreement to the contrary.

Officials point out that neither the United States nor General Huerta has yet entered into any formal armistice. What occurred is this: The mediators suggested that hostilities should be suspended during the period of the negotiations. To this Secretary Bryan replied that it was assumed there should be suspension of hostilities, except to repel attack. Gen. Huerta's answer to this was understood to be an acceptance, but the exact terms have not been given out. Mr. Bryan has several times pointed

ARSON FIEND FOUND GUILTY

By Associated Press.

Chillicothe, O., May 8.—Neil Griffin, arson fiend, charged with the kindling of ten fires in this city, was found guilty this afternoon at two o'clock, after a trial lasting ten days.

During the trial both the state and the defense put up a hard battle, but the evidence was apparently conclusive.

REAPED HARVEST

By Associated Press.

Boston, Mass., May 8.—Francis H. Griffin, a New York attorney, and wife Clara H. Griffin, were arrested at Groton today, charged with using the mails to defraud. Federal officials claim that by fraudulent representation the Griffins have obtained between \$300,000 and \$500,000.

MISSOURI BULL MOOSE ACTIVE

By Associated Press.

Kansas City, Mo., May 8.—Endorsement of Theodore Roosevelt for the presidency in 1916, absolute disapproval of amalgamation with the Republican party, endorsement of woman suffrage and the county unit prohibition movement in Missouri are among the provisions of the resolutions prepared for submission this afternoon to the joint meeting of the progressive state committee and county chairmen of the Progressive party.

OPPOSES STRIKE

By Associated Press.

Indianapolis, Ind., May 8.—That it is not the part of wisdom for the miners in the organized states to engage in general strike at this particular time, was the report today of the Special Committee of the International Executive Board of United Mine Workers of America in session here. It was decided, however, to push the strike in Colorado and an appeal for financial help was issued.

MINERS STICK TO THEIR JOBS

By Associated Press.

Indianapolis, Ind., May 8.—After stating that the situation had been thoroughly canvassed, the report on the general strike continues:

"We believe that we can better aid our gallant brethren in Colorado by remaining at work, thus insuring in a financial way our fullest support to the men, women and children who have been long engaged in the great struggle in Colorado. We must be in a position to finance properly the strike in that state indefinitely. Of course if conditions in the Colorado strike do not improve, and we do not receive proper protection from the Federal government, this policy may be changed to meet any exigencies that the future might bring."

PRESIDENT'S DAUGHTER IS NOW MRS. WM. M'ADOO

Bride's Trouseau One of Rare Beauty and the Best that New York Modistes Could Produce—Minute Description of Wedding Gown.

By Associated Press

Washington, May 8.—The bridal gown of Miss Eleanor Wilson, daughter of the President, who yesterday became Mrs. William G. McAdoo, wife of the Secretary of the Treasury, and some of the other gowns of her wedding trousseau, were authoritatively described after the ceremony of yesterday had been concluded.

The bridal gown was made of ivory white satin and trimmed with real old point lace. This charming creation was the principal part of the trousseau made by Fifth Avenue modistes. The bodice was softly draped with satin which crosses in front and is brought to a point below the shoulders, front and back. The V-shaped neck is finished with folds of soft tulle. The long mousquetaire sleeves are made of tulle. The real old point lace is gracefully draped over the right shoulder to the left side of the waist and is fastened with a spray of orange blossoms; the lace then continues as a border to the long

transparent tunic of tulle which graduates to the side of the skirt at the train. The long sweeping train is three and a half yards in length. A cap effect bridal wreath especially executed with orange blossoms and long draped veil was very effective.

Much interest was shown in the real old point lace used on the gown. It is a masterpiece and a work of art in lace making. Unique in design and perfect in execution, it is said this famous art-treasure, which is a part of a world-famous collection, may find its place as an antique in a national collection.

The three-piece going away dress was made of corbeau blue gabardine. The coat is of corbeau blue charmeuse and gabardine. The front and upper part of back of coat is of charmeuse. The back is gathered at collar. The three quarter sleeve of gabardine is topped with the blue charmeuse. Edge of sleeve is bound with a flat black silk braid. Soft girdle of gabardine ending in front with oval charmeuse buckle.

The bodice is dark blue chiffon over white. It has braided straps of gabardine over the shoulders, with twelve rows of braid over belt of blue gabardine. White organdie Vestee and collar edge with a rose and green flowered narrow ribbon, fastened in front by three ribbon buttons. Long blue sleeves over white chiffon ending in a wide cuff of 16 rows of narrow black braid.

The short skirt of gabardine with three circular flounces starting at sides of skirt. These are fastened at back with a strap of gabardine attached to which are four small black silk tassels. Between the flounces, corbeau charmeuse, to which they are attached, showing about one inch of charmeuse between each flounce. Flounces and bottom of skirt edged with black silk braid.

A rose and silver evening gown is made of rose pink satin d'Amour and rose tulle. Satin bodice ending in points at shoulder (surplice effect) and edged with silver braid around arm holes. Pink rose and bud posed below left shoulder. Large flesh color net butterfly bow at back, attached to points at shoulders. Silver shadow lace, form flowing sleeves. Skirt of rose pink satin d'Amour veiled with tunic of shadow silver lace from which flows long overskirt of rose color tulle. Silver lace continued down front and makes a slight pointed train at back.

Ciel blue brilliant peau de faille gown with bodice of half color blue net which veils bands of silver embroidered lace across the front. Around neck and down front of bodice ending at waist line a (bias) band of Peau de faille—where they meet, they are finished off with a single natural rose bouquet. Japanese collar. Below collar a fullness is gathered which falls softly to waist line. Net sleeves, gathered at elbow with silver thread, making a soft ruffle effect. Silver embroidered motifs on sides of soft folded girdle. Skirt—flat puff tunic effect at back. Front of skirt simple long drap, cut bias, and a trifle fuller at side, with slight opening at bottom.

Watteau blue moire, invisible stripe, peau de faille gown. Watteau blue tulle (self color) bodice, over band of cream lace, two moire peau de faille stripes, picot edge, crossing at back. Underneath the tulle, blue net frill, picot edge around neck. Net sleeves gathered at elbow with long flowing frills. Blue moire girdle fastened at back with bow and in center of bow a Strauss buckle set in silver triangular shape and having a blue stone in center. Skirt, long tunic of blue net over invisible Wat-

teau blue moire peau de faille skirt. Bottom of skirt scalloped. Back of net tunic falls in folds veiled with transparent draperies.

White Cekay crepe embroidered in Vieux Rose and green silk done in pattern resembling wheat. The bodice is buttoned in front with two rows of white and rose china buttons to match embroidery. Long kimono sleeve of plain white crepe with band of Vieux rose moire silk on cuff which has three buttons on each side. The collar is of rose moire over which is a leaf design of white silk lace.

The skirt has two bias hemstitched ruffles of plain white Cekay crepe, piped with rose moire silk. Around the waist there is a sash of wide rose moire ribbon—at the side back a large bow of same. Pelerine (cape) made of Cadet blue chevrot cloth, crossing in front with two sash ends which wind around body and tie in front or back. Buttoned high at neck, standing collar. Blue satin lining. Two inside lining pockets.

GOV. AMMONS IS CENSURED

Denver, Colo., May 8.—The progressive Democrats and the members of the Progressive party joined forces in the state senate and placed on record a resolution condemning the Ammons administration for its failure to control the strike situation in the southern Colorado coal fields. This was followed by a failure in the house to put through a resolution providing that the governor extend or enlarge his call for the special session to such an extent that the entire strike situation can be gone over immediately. The house resolution, introduced by Representative Parson, Progressive, was put over for five days, the full Ammons strength voting for the delay.

General John Chase called for a general court-martial to sit Monday to hear cases against all the militia who participated in the Ludlow battle. The senate adopted a resolution demanding of the governor the names of all officers and men who took part in the Ludlow killing.

EMPLOYEES PAY FOR EXAMINATION

By Associated Press.

Washington, May 7.—"The Medical Examination of Employees" was discussed by several speakers at tonight's session of the Advisory Council of the National Association for the Study and Prevention of Tuberculosis. The heads of two big Chicago houses, employing thousands of men, testified that the regular medical examination of all employees was not only humane, but "good business."

Dr. Theodore B. Sachs, chairman of the Committee on Factories of the Chicago Tuberculosis Institute, reported upon the first three years work of the committee. He said systems of medical inspection were in various stages of development in fifteen large industrial concerns in Chicago.

"At present, the cost of the examination is borne by the firms," he said, "but it is evident that with the spread of the principle, medical examination must become eventually a part of industrial insurance."

Dr. Sachs said he hoped to see the plan extended to every large city of the United States. Already preliminary steps have been taken he said, in Newark, N. J., Buffalo, N. Y., Grand Rapids, Mich., and other cities

CIVIL SERVICE HEAD ACCUSED

Cincinnati, O., May 8.—Charles B. Wilby, chairman of the city civil service commission, was notified by Mayor Frederick Spiegel that the bureau of information and research had laid charges with him of inefficiency, neglect of duty and malfeasance in office on the part of Mr. Wilby. The mayor notified Mr. Wilby to be prepared to defend himself at a public hearing.

BRIDAL COUPLE LEAVES

Leave Capital Immediately After
Wedding Ceremony.

Washington, May 8.—Secretary of the Treasury William G. McAdoo and his bride, formerly Miss Eleanor Wilson, are on their two weeks' honeymoon. The trip began with a mad automobile dash through the streets of Washington and over eight or nine miles of indifferent Maryland roads to catch a railway train.

While the wedding supper was in full swing the start was made from the White House. One of the big limousines of the White House garage was used.

When the auto reached the little town of College Park, Md., the newly wedded pair boarded a B. & O. train for New York.

The wedding at the White House was a simple ceremony. For the president and Mrs. Wilson it was a touching moment as they gave away a daughter for the second time within a year. The Presbyterian single ring service was used with the characteristic words "love, honor and obey." The bride and groom repeated the service unfalteringly and did not appear in the least nervous.

The ceremony started at 6 o'clock sharp and lasted but 15 minutes. The reception was brief, the wedding supper was followed by a brief dance, and at 8 o'clock the bride and bridegroom had left, all the wedding guests had departed and the White House had resumed its normal appearance — interrupted but a few hours.

Mr. McAdoo, the groom, is 51, and the bride is 24.

HOLDING UP RESOLUTION SOLVE LOSS OF MILLIONS

Toledo, O., May 8.—A vote on the Hobson resolution for a national prohibition amendment to the constitution will be deferred by the house of representatives until fall, said Congressman Richmond Pearson Hobson, author of the resolution, here. Hobson said that the change of policy on the part of the prohibition forces was due to the failure of the house judiciary committee to incorporate in the resolution an amendment to the section providing that congress may regulate the sale and the transportation of intoxicants for mechanical and sacramental purposes. This section, Hobson said, might give rise to fear of invasion of state rights by the federal government.

WILLIAMSPORT HAS
THREE SHOWS ON ROAD

Williamsport has three shows on the road this year, as will be seen by the following from the Williamsport News:

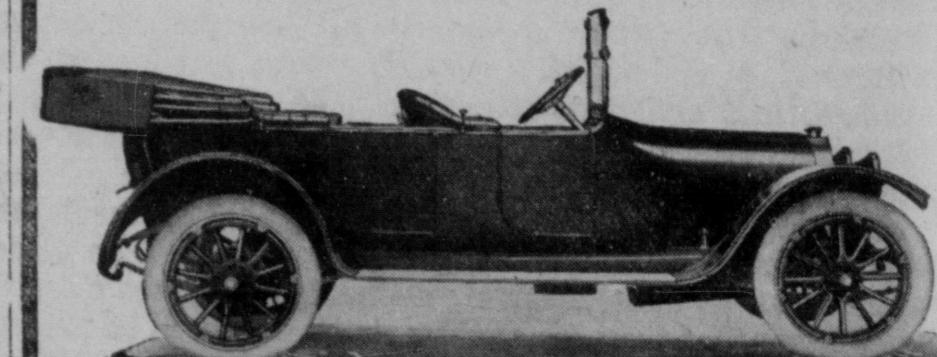

The "Trio Uncle Tom's Cabin Show," under management of Geo. H. Pitt opened Saturday night in tent pitched on the Hunnicutt lots at Main and Green streets. They had a good crowd and gave a show worth while. The "Harmount Uncle Tom's Cabin Co.," opens Friday night in Mt. Sterling, and the "Overland Show" in charge of Chas. C. Rector, opens here tomorrow night. They will give dramas, vaudeville, and moving picture shows. These three enterprises furnish employment to a large number of people. They pay fair wages, settle all bills at one hundred cents on the dollar, and make a good percent on their investment.

Poetry For Today

COMMON SENSE.

She came among the gathering crowd
A maiden fair, without pretense,
And when they asked her humble
name,

She whispered mildly. "Common
Sense."

Her modest garb drew every eye,
Her ample cloak, her shoes of leather
And, when they sneered, she simply
said,

"I dress according to the weather."

They argued long, and reasoned loud,
In dubious Hindoo phrase mysterious,
While she, poor child, could not divine

Why girls so young should be so
serious.

They knew the length of Plato's
beard.

And how the scholars wrote in Sa-
turn;

She studied authors not so deep.

And took the Bible for her pattern

And so she said, "Excuse me, friends,
I find all have their proper places,
And Common Sense should stay at
home

With cheerful hearts and smiling
faces."

—James Thomas Fields.

Polling Places In Public Schools Will Help Straighten Political Derangements

BY EDWARD J. WARD, Adviser on Social Center Development, University of Wisconsin

THE first physical step in straightening out our political derangement is the use of each public schoolhouse as the polling place of its district.

THAT A GOOD START HAS BEEN MADE IS EVIDENT IN THE FACT THAT MORE THAN FIVE HUNDRED SCHOOLHOUSES THROUGHOUT THE COUNTRY HAVE ALREADY BEEN PUT TO THIS APPROPRIATE USE. SEVENTY SCHOOL BUILDINGS ARE SERVING AS POLLING PLACES IN CHICAGO THIS SPRING. NEW YORK, WITH SIX HUNDRED AND TWENTY PUBLIC SCHOOLS AND FIVE HUNDRED AND FIFTY-FOUR OTHER PUBLIC BUILDINGS, STILL VOTES IN FOUR HUNDRED AND THIRTEEN BARBER SHOPS AS WELL AS MANY POOL ROOMS, BAKERIES, UNDERTAKING ESTABLISHMENTS AND SMALL STORES. ALTHOUGH A BILL FAILED AT THE RECENT SESSION OF THE LEGISLATURE, THE PEOPLE OF NEW YORK ARE STILL STRUGGLING FOR A LAW WHICH WILL PERMIT THE USE OF SCHOOLS AS VOTING CENTERS.

This movement must succeed. Experience and reason make it clear that the PUBLIC SCHOOL IS PRE-EMINENTLY THE PLACE in which the people should voice their will in their own affairs.

Hon. Humphrey Jones Furnishes Attorney General With Forms of Record for Carrying Out New System of Land Title Registration.

EXPLAINS WORKINGS OF THE NEW SYSTEM

Entire Method of Registration Based Upon Utmost Simplicity—Title, Once Obtained, Incontestable, and Realty Deals May Be Closed in Short Order on and After July 1st—Registration in Fayette Will be Rapid.

Hon. Humphrey Jones of this city while a member of the late constitutional convention was the author of an amendment removing certain constitutional objections which had theretofore been found to exist by the Supreme court against the adoption in Ohio of a system of land title registration. This amendment was approved by a very large vote, receiving the second highest vote of any of the forty-one amendments submitted to the people.

Mr. Jones, after the adoption of this amendment, at the next ensuing session of the legislature, which met in January, 1913, took up the matter of getting a law enacted under this constitutional amendment providing for land title registration in Ohio, and was the author of Amended Senate Bill 117, Mr. Greenlund, which finally was enacted into law and approved by the Governor May 6, 1913. After the annual volume of the laws passed by the legislature in 1913, was issued, it was discovered that certain mistakes had intervened in the enactment of the law and these were on special recommendation of Governor Cox corrected at the special session of the legislature last winter.

The law imposes upon the Attorney General the duty of prescribing the forms of record and procedure under the law, and Mr. Jones took up the work in connection with Mr. Boulger of the Attorney General's office, of preparing these forms of record and procedure and has been engaged in the same for several months past. The work was finally completed and submitted to the Attorney General for approval last week, the Attorney General has approved the forms so prepared and they are now being printed by the state printer so that samples may be distributed to the various publishing houses who may desire to furnish the necessary blanks and records to the various county officers having duties to perform under the law. There are something over a hundred of the forms and Mr. Jones' effort has been to make them so full and complete that neither attorneys or officers would have any difficulty in conducting proceedings under the law.

Registration is to begin July 1st, borrowing money on a note or on

collateral security. The mortgage, together with the duplicate certificate of title, is then presented to the Recorder, who registers the mortgage by entering it on the registered certificate and also on the owner's duplicate certificate of title. The mortgage is left with the Recorder, or, if the mortgagor desires to take it away from the Recorder's office, he can have it recorded and receive it back from the Recorder, or the original may be left with the Recorder and a certified copy thereof issued to the mortgagor, which certified copy he can use for all purposes of assignment and release the same as he could the original. The mortgage can also be executed in duplicate, both copies marked filed by the Recorder and one kept by the Recorder and the other delivered back to the mortgagor.

Mr. Jones, at the solicitation of The Herald, has explained the workings of the new law as follows:

"Registration is secured by the owner filing a petition in the Common Pleas or Probate court to have his title settled and determined. All possible claimants as well as adjoining land owners are made parties and served with notice and the court then determines whether the applicant has a good title, and what liens and incumbrances, if any, there are upon it. If the court finds the title to be good, on motion of the applicant the court orders the title to be registered and a certificate of title to issue therefor. A certified copy of the decree of registration is sent to the Recorder and bound in a book called the Register of Titles, and a duplicate of this certificate given by the Recorder to the owner. This duplicate certificate of title is absolutely incontestable and dispenses with all future examinations of title, abstracts of title, opinions of attorneys, continuations of abstracts, etc.

"Thereafter nothing can effect the title to the property covered by the certificate until it is filed in the Recorder's office and a notation thereof made on the registered certificate of title, and no voluntary lien can thereafter be created against the land unless it is in addition to being noted on the registered certificate in the Recorder's office, also noted on the duplicate certificate which the owner holds. Thereafter it can always be told by a mere inspection of the registered certificate of title what the character of the owner's title to the land is, and every lien and incumbrance there is against the land. It must all appear on the registered certificate of title and nothing is a lien until it does so appear. The owner can at any time, for a fee of fifty cents paid to the Recorder, have his duplicate certificate continued down to date so as to show all liens and incumbrances that are against the property. The duplicate certificate will then show the exact state of his title down to the minute of the Recorder's continuation thereof. If the owner desires to sell or mortgage his property the transaction can then be closed up in just the length of time it takes to prepare a deed or mortgage—no examinations of titles are necessary, as the owner's duplicate certificate will then show everything against the land.

"In case of a sale the owner executes to the purchaser a deed, a form of which appears on the back of his duplicate certificate of title, turns over to the purchaser his duplicate certificate of title, the purchaser takes the duplicate certificate to the Recorder and the Recorder cancels the old certificate of title and issues a new certificate of title to the purchaser, carrying forward on it all liens and incumbrances which are not paid off at the time of the sale. The new certificate of title in turn shows exactly the state of the title in the purchaser and is absolutely indefeasible and incontestable.

"In other words, when a purchaser gets a certificate of title from the state he may rest assured that his title will never be disturbed. In case a registered owner should desire to make a loan upon his property all that is necessary for him to do is to have the Recorder, for the fee of fifty cents, to continue his duplicate certificate of title down to date, present continued duplicate certificate to the person who is loaning him the money, and the mortgage can be executed and the deal closed up almost as quickly as if he were

thinking it useless to stop hauling

THINK IT USELESS TO STOP HAULING

From Jefferson township comes the report that owing to the great damage alleged to have been done to the roads by the heavy motor bus plying between that town and South Charleston, and the fact that the heavy machine still makes several trips each day, no arrest of farmers or others who haul heavy loads is thought of by road superintendents.

It will be recalled that efforts to stop the machine in Clark county failed, and so far the Fayette county authorities have made no determined effort to prevent further damage to the road it is claimed.

MILITIA OFFICERS HAVE MEXICO MAPS

National Guard officers at the Adjutant General's office are now busy studying topographical maps of Mexico.

These maps show every road and elevation in Mexico, as well as every stream, where it may be forded, and springs furnishing water supply.

The officers firmly believe they will be called upon to use the information obtained from the maps.

APPENDICITIS OPERATION.

Mr. D. W. Smith, of near Staunton, underwent an operation for appendicitis at the Fayette hospital Friday morning.

CHILLICOTHE 'FRAID C. & O. WILL MISS HER

Much fear is entertained in Chillicothe that the new branch of the C. & O. railroad, which is to be constructed from Portsmouth to a point near Columbus, will miss Chillicothe entirely.

It is claimed that present plans call for locating the line east of the city a few miles, and that the route will open a large strip of virgin territory.

INSPECTOR TITER WORKING HERE

Mr. H. D. Titer, of the Department of Inspection of Workshops, Factories and Public Buildings, has been in the city the past day or two, investigating conditions, and ascertaining if previously issued orders had been carried out.

He found that former orders had been compiled with. So far as known no new orders were issued.

MOTHERS' DAY.

The Christian Bible school is making preparation for the observance of Mothers' Day next Sunday, with appropriate exercises at the regular Bible school hour, 9:15 a.m.

All members and friends of the school are invited to be present. Every mother present will receive a carnation from the school.

TWO WILD CARS STOPPED BY AGENT

What might easily have resulted in a very serious wreck occurred at Leesburg a few days ago, when two racing cars from a B. & O. train became separated from the main train and ran wild toward Leesburg.

The farmer noticed the two speeding cars and running to his home he telephoned the B. & O. agent at Leesburg to be on the lookout for two cars running wild. Agent Fultz lost no time in rushing to the nearby switch and throwing it so the cars were turned upon the siding, and were boarded and brought to a standstill with no damage resulting.

The train crew which lost the two cars were penalized for carelessness.

CONSUL IS STILL MISSING

Washington Has No Knowledge of Silliman's Whereabouts.

MEXICAN OFFICIALS RETICENT

British Ambassador Lodges Complaint Against Mexican Bandits Who Are Said to Have Killed Two Englishmen — American Refugees From Tampico Arrive in Washington With a Grievance.

Washington, May 8.—There are several developments adding to the perplexities of this government in the Mexican situation. For one thing, a delegation of Americans who have property in Tampico arrived in Washington for the purpose of making vigorous protest to government officials over the treatment they had received. They complained not only because they had to depend upon British naval vessels to take them from Tampico, but they were wrathful that they had been compelled to leave their property in Mexico without any protection from Mexican forces.

Of more importance upon the Mexican situation, though, was a message delivered to the state department by Sir Cecil Spring-Rice, the British ambassador. He informed Secretary Bryan that the British embassy here had received word from the British minister in Mexico City that one American had been killed and seven were held prisoners in a mining dis-

RODNEY J. DIEGEL.

Diegel has just been released from the Ohio penitentiary. He was formerly sergeant-at-arms of the state Senate and served three years less good time in the pen for complicity in bribery unearthed by a detective agency.

istrict near Guadalajara, in the state of Jalisco. The British ambassador added that two Englishmen also had been killed and another was held with the Americans. The note from the British embassy was a reminder that Great Britain would expect the United States to take steps to clear up his new development. The territory in which the American and British subjects lost their lives is under the control of bandits, acknowledging neither Carranza nor Huerta. Investigations already have been set on foot.

The failure of the Mexican authorities to furnish any information as to the whereabouts of John R. Silliman, American consul at Saltillo, is another development that has given a more serious turn to the situation. If the American consul has been imprisoned by the federalists it will be one of the most serious affronts charged against the de facto government of Mexico.

Representatives of oil interests at Tampico informed Secretary Bryan that in consequence of their enforced absence from Mexico their leases are being transferred to rivals. This is understood to mean that British concessionaires are the beneficiaries. It is understood that these titles are being transferred in Mexico City, and some of the Americans say they face financial ruin in consequence.

HOUSE FOR WARSHIPS

SPARTANA
is a varnish stain. Popular, because practical—made by a practical house. For re-finishing floors, wood-work and scuffed furniture it has no equal.

Made in a great variety of colors and shades, it is a universal beautifier, renewer and home brightener. The surface it produces is hard, elastic, lasting. Get a can and get busy.

CURBING BILLS TO COME UP

Democratic House Leaders Call a Party Caucus.

WILL BE HELD NEXT TUESDAY

BILL to Control Railroad Stock and Bond Issues and Carrying Drastic Provisions For Prior Federal Approval of New Railroad Capitalization Is Reported by the House Committee On Interstate Commerce.

Washington, May 8.—Democratic leaders in the house, anxious to get congress out of Washington by July 10, called a party caucus for Tuesday, through which they hope to expedite consideration and passage of the anti-trust bills on the administration program. The caucus will determine the length of time the measure shall be debated in the house and in compliance with its decision the rules committee will frame an order under which the debate will proceed.

Predictions as to the time to be given Democrats, Republicans and Progressives varied, but it is probable that the bill will be put to a vote within the next two weeks.

A bill to control railroad stock and bond issues, carrying drastic provisions for prior federal approval of new railroad capitalization and for publicity all along the line, was agreed upon and reported by the house interstate commerce committee. This measure is framed as an amendment to the interstate commerce law and is safeguarded against being interpreted as a federal guarantee of securities by a specific disclaimer. It would affect every railroad and other carrier engaged in interstate commerce.

The committee's report, submitted by Representative Adamson of Georgia, the chairman, said the proposed law could be enforced by injunction against unlawful conduct and by judicial punishment of violators of the law.

Pointing out that it was understood the judiciary committee was not dealing with the directorates of railroad companies, the report said a provision had been included in the bill to prevent common directorates and management. Except when peculiar conditions render it necessary, the interstate commerce commission may sanction such duplicate officeholding. The bill provides for personal guilt and penalty provisions against officers who issue stocks and bonds without lawful authority or who violate the proposed law against applying the proceeds of stocks and bonds to improper purposes.

DIEGEL IS OUT

Columbus, O., May 8.—Rodney J. Diegel, formerly sergeant-at-arms of the state senate, left the penitentiary, presumably for Sandusky, his former home. Diegel completed his prison sentence of three years, less good time, making a total of time served of two years, two months and six days.

CLASH AT VERA CRUZ?

Washington, May 8.—A report reached here that a clash had come between the American forces at Vera Cruz and the Mexican troops, whose presence near the city has twice been made known within the past week. The war department declined even to comment upon this report. A dispatch received from General Funston was not made public.

CHARLES BECKER.

Former New York police officer accused of being the instigator of the murder of gambler Herman Rosenthal, now on trial the second time for his life.

BECKER TO TAKE RACK

Wife Urges Him to Take Stand In His Own Behalf.

New York, May 8.—Charles Becker means to risk the greatest of all hazards in his case, meeting the leveled eyes of 12 jurymen while he testifies in his own defense and endures the district attorney's severest attack.

Becker believes that his failure to face the jury in the former trial made a bad impression upon that jury, and although he knows that the district attorney will take up graft, he feels that his coming out in the open and thereby permitting Mr. Whitman to bare his past is a lesser peril than lingering at his counsel table when the eyes of the jurymen turn questioningly upon him. Becker's determination to take the stand is the result of Mrs. Becker's persistence that she should stand up himself and say to the jury that Rose, Webber, Vallon and Scheppa are liars.

The information that Mr. Cockran, who so ably bombarded the court Wednesday with accusations that the district attorney had committed contempt of court in giving out statements tending to prejudice the community against the accused man, was himself under investigation for contempt, astonished the lawyers in the case. It appears, however, that affidavits have been offered to the district attorney reciting that when Mr. Cockran was leaving the criminal courts building he paused long enough to remark with a gesture that he was through with the Becker case because it was an assassination. Mr. Cockran declares he had made no such comment. Mr. Cockran is likely to make the opening address to the jury and is practically certain to make the closing appeal.

CAR DERAILLED SEVERAL HURT

Mansfield, O., May 8.—Two men were seriously injured, three were bruised and cut and seven others were badly shaken up when a Cleveland and Southwestern interurban car leaped the tracks at a curve two miles west of Mansfield. The injured include Don Lindley, Mansfield; A. A. Eberle, Mansfield, and N. Sheehan, Canton. The front trucks of the car dropped into a deep ditch, hurling the passengers into a heap in the front of the car. The rear trucks did not leave the rails, but the angle at which the car rested forced the roof against the trolley wire.

Red Cross Ball Blue, much better, goes farther than liquid blue. Get from any grocer. adv

SPORT LETTER

Cincinnati, May 8.

They're beginning to have a great deal of respect for the Reds around the National League circuit. The first two weeks of the championship season brought out so much real stuff in the ranks of the Herzog men that the prognosticators have revised their original productions and now are moving the local team further up on the championship ladder, round by round, so that before long we may look for some particularly impressed individual to shove the Queen City athletes into the first division—which is not at all an unlikely finish for them in view of the

unexpectedly good work done by several of the youngsters in champion games. The best evidence of the hit made by the Reds with the followers of the game is in the attendance in recent games, the contest with the Pittsburghs on Sunday, for instance, drawing out the second largest crowd of the season. And when the New Yorks come on Sunday, May 17, followed by the Brooklyns on May 24, there will be no seats to be had by the time play begins.

The Reds have sprung a pair of pitching surprises on the local pub-

Those who are not interested in either fighting or yachting may find some excitement in the polo matches

so far this season, with one or more still in reserve. The new stars are Phil Douglass and Dave Davenport. Both these chaps, are six-footers, the kind of men who inspire confidence on the slab, and both are right handers. By the same token both hail from the South, Davenport being a Texan and Douglass a son of dear old Georgia. Both men have performed remarkably well in all their appearances so far this season, and it seems an assured fact that they will stick with the team and take their regular turns in the box.

Lear, Adams, and Ingerson are three other twirlers who have shown promising form, and they will be given further opportunities before a final verdict is rendered in their cases.

Notwithstanding the fact that the Pittsburghs have been making a sort of runaway race of it so far, the critics throughout the country refuse to concede that the Pirates have the best chance for the pennant this year. Those Giants still look better to the majority of the wise boys than any other team, and whatever money is being wagered in large chunks is pinned on McGraw's men. The "dope," as handed out by the formsmen, is that the Pittsburghs have not been strengthened in the box where their chief weakness lay last season, and that they will slump in their bat-

ting performances as soon as the various old-time twirlers, who are acquainted with the swatting weaknesses of the Pirates, get going properly. The Giants, on the other hand, are just as strong on the slab as they were last year, and are given a boost by the addition of Bob Bescher, ex-Red, in the outfield. Local fans who have seen the Pirates perform, will have the opportunity of making comparisons with the Giants, who come here the latter part of next week, one of their engagements being on Sunday, May 17.

In looking over the list of winners of the Kentucky Derby, which has been a feature at the Churchill Downs track, Louisville, for forty years, and will be run there again next Saturday, it becomes apparent that this great event has never been won by a filly—runner of the female persuasion. While Old Rosebud and Ralph are carrying most of the money of the wise boys in next Saturday's race, there are several fillies that have a chance for the honor, namely Stake and Cap, Watermelon, Robinetta, Casuarina, Addie M., L'Aiglon and several others. It is a matter of history that the English Derby was not won by a filly under 22 years after it was inaugurated, and a lapse of 56 years ensued before a filly won it the second time. This was in 1857, since which time the English Derby has been won by but three fillies.

Followers of the mists are eagerly looking forward to the prospective match between Willie Ritchie, lightweight champion of the world, and Freddy Welsh, the British champion. These boys have been doing a lot of talking about each other during the past year or so, but never have been able to get together, each finding in the proposition of the other something to object to. Meanwhile both have been reaping much increment on the stage. Now, however, negotiations, with a big purse for a stage setting, have progressed so far that there is real talk of the two chaps meeting in New York next month. If they do the largest crowd that has seen a fight in years will be as near the ringside as possible. The battle will be limited to 10 rounds and no decision will be given—but

The Richie-Welsh fight is not the only international contest now in the eye of the sporting public. Much speculation is in the air regarding the kind of yacht Sir Thomas Lipton will send over in an effort to lift the America's cup this fall. Americans are watching the finishing touches that are being put on the first of the defenders, the Resolute, and it is expected that the preliminary races between the American yachts will prove almost as exciting as the real thing.

Those who are not interested in either fighting or yachting may find some excitement in the polo matches

FUNERAL OF JOHN CULLEN

A large concourse of sorrowing friends and business associates crowded St. Colman's church Friday morning at nine o'clock, for the funeral of Mr. John Cullen. It was a gathering which testified to the high esteem in which Mr. Cullen had been held in the community.

The "Holy Name Society", of which the deceased had been a valued member attended in a body and there was a full corps from the different departments of Dahl-Millikan Wholesale Grocery, in which establishment Mr. Cullen had held a responsible position for about thirty years.

Rev. Father Fogarty read the requiem mass and delivered an impressive sermon, in which he eulogized the deceased in the highest terms.

The pastor spoke of the sterling

character of the man, his great devotion to home and family and to his church, and the same conscientious devotion to his business and employers.

The music of the mass was beautifully sung by Miss Regina McDonald and Mrs. Oscar Kellhofer, with Miss Margaret Kellhofer, organist.

Acting as pallbearers were Messrs. John Culhan, V. J. Dahl, John McDonald, E. N. Holloway, Fred Schmid and Pete McRae.

The burial was made in St. Colman's cemetery.

Among the large number of beautiful flowers sent by relatives and friends there was a basket of lilies and roses from the Dahl-Millikan Co.; casket spray ascension lilies and snap dragons from boys of Dahl-Millikan shipping department; spray of calla lilies and snap dragons from boys of the office and carnation spray from girls of the office; wreath from the Dahl-Millikan salesmen; cross from the Holy Name Society, and wreath from Buzzard's Roost camp. There were also offerings of six Mass cards from friends.

Relatives and friends coming from a distance were the daughter, Mrs. Chas. Link and family, of Bloomville, son, Robert, of Columbus; Mrs. Cullen's mother, Mrs. Michael Dempsey, sister, Mrs. R. A. Ryan, brothers, Peter Dempsey, Will Dempsey, of Columbus and Tom Dempsey, of Dayton; Mrs. McIntyre, Mr. and Mrs. Wm. Dunn, Mrs. Martin Barry, Mrs. P. J. Dempsey, of Columbus; Mrs. Doyle, Mrs. Patrick Moore, Miss Kernan, Miss O'Hara, Lancaster; Miss Frances Ward, Connerville, Ind.; Mr. and Mrs. Joe Boning, Cincinnati; Mr. Chas. Brady, Logan.

UNION SHOWS A HEAVY LOSS

The Bureau of Live Stock Industry has just completed the preliminary survey with a view to eradicating cholera among swine in Union township, and the report shows a total loss of \$57,827 in Union township during the past four years, and very few infected farms are shown at the present time.

The number of swine in the township is 19,000, divided up among 384 farms and of the farmers, 377 favor the eradication work, five are indifferent and two are openly opposed to the work.

The loss during the past four years was as follows: 1910, 826 swine, valued at \$5,013; 1911, 4,436, valued at \$33,963; 1912, 1,064, valued at \$8,704; 1913, 1,269, valued at \$10,147. Total valuation, \$57,827.

So far the work in Jasper township shows an enormous loss during the four years, and has been a veritable hot-bed of cholera, 51 farms showing a loss of 3,015 swine in 1911 with a valuation of \$23,395.

The final report will be completed within a week or ten days.

TWO YEARS THE LIMIT

By Associated Press.

Columbus, Ohio, May 8.—Terms of County Clerks are for two years as provided by the law of 1906, and not for three years, as specified by the Ohio Constitution of 1851, the Court of Appeals decided today.

A writ of mandamus to compel Governor Cox and Secretary of State Graves to issue to George Young, Clerk of Courts of Seneca County, a commission for three years was refused. The case will be carried to the Supreme Court.

MERE MAN TALKS

By Associated Press.

Cleveland, O., May 8.—At the opening session of the 24th annual convention of National Cloak, Suit and Skirt Manufacturers here today, President John B. Hovland, of Chicago, said:

"Thank goodness! The time has come for the end of freak styles in women's clothes, and the day of sane fashions has returned. After next fall men will not be ashamed to see their wives dressed in the height of the season's fashions."

\$25,000 LOSS

By Associated Press.

Steubenville, O., May 8.—The tow boat "Cruiser" broke her shaft in the Ohio river this morning and drifted down against the channel pier of the Wabash railroad bridge below here, crushing four barges and scattering 125,000 bushels of coal in deep water. The property loss is estimated at fully \$25,000.

This picture is a comedy riot with a continuous scream from start to finish.

170 tons, another is 26 feet by 16 feet, and 6 feet thick. Only such an animal could not have existed at such an elevation. Skeletons of giant monoliths of ancient Egypt equal those found in Tiaquana. The movement and placing of such monoliths point to a dense population to an organized government, and consequently to a large agricultural area with means of transportation from various directions. The only tenable explanation is that at the time when Tiahuana flourished the Andes were from 2,000 to 3,000 feet lower than at present. Geologists hold that in the Jurassic and even in the Cretaceous period there were no Andes and that through a gradual upheaval they have been formed in more recent geological times. The bones of a mastodon have been discovered in Bolivia at an altitude of 13,000 feet above the sea, and such an animal could not have existed at such an elevation. Skeletons of giant anteaters have been found in the deserts of Tárapaca, and these could only have existed in regions of arboreal vegetation. These, and other geological facts, support the theory that the ancient city of Tiahuana existed when the Andes were much lower than at present, perhaps when the cave man of Britain was fighting for his life with cave bear, wild boar, and mastodon, and sketching their rude pictures on the walls of his primitive, subterranean dwelling.

PREPARATIONS FOR WAR

Confidential Dispatches From Gen. Funston Enlivens War Department, Which Endeavors to Find How Quick State Militia Can Reach Seaboard.

AUTHORITIES MAY NOT WAIT FOR MILITIA DIVISIONS TO BE RECRUITED

Mediators Pay But Little Attention to Complaint of Huerta—Expect to See Matter Adjusted—Will Include Rebels and Pacification of Mexico in Mediation.

By Associated Press.

Washington, D. C., May 8.—The Mexican situation assumed a more warlike aspect today. Activities in the War Department which began last night on the receipt of long confidential advices from General Funston, were renewed throughout the morning and were brought to the attention of President Wilson and the Cabinet when the regular session began at 11 o'clock.

In connection with the military preparations for a possible forward movement, it became known that the officials of the War Department have been in long distance telephone communications with the Governors of New York, Pennsylvania and Ohio in an effort to determine how soon the militia organizations in those states could be mobilized and sent to the seaboard for shipment in transports. The department has been energetically working on preparations for the possible mobilization of the National Guard for some time. Lately inquiries of the Department were directed toward ascertaining how soon the New York, Pennsylvania and Ohio troops could be put in motion in their present condition without delay that would be necessitated by recruiting them up to full war strength.

In the theoretical organization of the militia, Pennsylvania and New York state each could make up a full division. They are the only states supplying a full division quota. Ohio combines with Michigan to fill a division, and the other divisions are made up of several states each. While this activity disclosed that every preparation is being made for possible eventualities, yet Secretary Garrison said just before entering the Cabinet meeting that "No additional troop movements have been ordered."

In the midst of military operations came definite word that the mediating envoys had received from General Huerta, and submitted to this government, complaint that new landing of American troops and war material at Vera Cruz amounted to a breaking of the armistice which had been arranged by the South American diplomats after their good offices in the Mexican crisis had been accepted by General Huerta and the United States. This also was one of the subjects before the cabinet.

Secretary Bryan stated early in the day that the mediators note had been received by him and that reply would be made. Meantime, it was authoritatively stated from sources close to the mediators that they are of the opinion they will be able to persuade General Huerta that the United States has not been violating, in spirit at least, the armistice which had been agreed upon; otherwise a stumbling block would be placed in their way which might render virtually useless their further efforts at mediation.

The note from General Huerta, alleging violation by the United States of the armistice, it was learned, reached the mediators who are working in the utmost possible secrecy, day before yesterday, and was presented by them to Secretary Bryan. The mediators themselves declined to comment in any way on the matter, but it is known that they are proceeding with their peace plan as if nothing untoward had happened, expecting to see the armistice controversy cleared away soon. They were in conference during the day discussing their plans, which is to include, it is learned, the Constitutional side of the Mexican problem and the pacification of all Mexico.

A delegation of Tampico oil men, who yesterday conferred with Secretary Daniels of the Navy, today visited Secretary Bryan and urged measures for the protection of the oil properties in the disturbed section around Tampico. The conference was extended and while it was on Charge Nelson O'Shaughnessy, who called at the State Department, was unable to see the Secretary. He left saying he would return later in the day. The British Ambassador also conferred with Secretary Bryan as to conditions at Tampico and as to negotiations which might insure the safety of the oil properties and oil company employees. The British Embassy here has made representations to Mexico City in behalf of American and English employees in the oil districts in and about Tampico. These foreigners when they attempted to land and resume their work were driven out with threats. There has been no response from Mexican officials.

THROWING COLD WATER ON NEWS

By Associated Press.

Washington, D. C., May 8.—Mr. Tumulty, secretary to President Wilson, declared emphatically that, as far as known at the White House, there was "no serious crisis at Vera Cruz."

He said that the dispatch from General Funston detailed conditions as described by refugees, and merely confirmed information already in the hands of the President.

CAPTURE SAN LUIS POTOSI

By Associated Press.

Washington, May 8.—(Bulletin)—San Luis Potosi has fallen into the hands of the Constitutionalists, according to information which Secretary Bryan transmitted to a caller today.

10 JURORS IN BOX

By Associated Press.

New York, May 8.—Four jurors were added to the six obtained at the morning session of the Becker trial. It is probable that the entire jury will be secured before adjournment today.

TO GIVE FUNSTON ENOUGH MEN FOR WAR OR DEFENSE

Funston's Secret Reports Stir Military Authorities, and It Is Decided Strong Reinforcements Are Needed to Defend Vera Cruz or Invade Interior—Officials Refuse to Give Out Information Concerning Conditions.

By Associated Press.

Washington, D. C., May 8.—It has been learned on high authority that the war department had under consideration today adequate reinforcement of the command of General Funston at Vera Cruz to carry out any movement that might be necessary to the interior of Mexico.

The question of placing a large force of Americans at Vera Cruz that would be strong enough to defend that port against any attack or to undertake a possible campaign against Mexico City was later laid before the President and his Cabinet by Secretary of War Garrison.

War Department officials, it was stated, decided that reinforcements were needed at Vera Cruz at the late conference of Secretary Garrison and the General Staff last night. The Secretary and his advisers went over the entire military situation at Vera Cruz and other points in Mexico before reaching the decision.

Secretary Garrison called the conference after a cipher telegram from

**CLAIM VIOLATION OF THE ARMISTICE**

Mediators File Complaint With Sec. Bryan That American Operations at Vera Cruz Are Not in Accordance With Understanding.

OFFICIALS ASSERT NO ARMISTICE HAS AS YET BEEN ENTERED INTO

Authorities Also Declare That It Was Assumed That During Mediation Hostilities Would Be Suspended, Except to Repel Attack.

By Associated Press.

Washington, D. C., May 8.—Secretary Bryan admitted today that this government had received a note from the South American mediators seeking to solve the Mexican crisis, in which complaint is made by the Huerta government that American operations at Vera Cruz are in violation of the armistice.

Officials point out that neither the United States nor General Huerta has yet entered into any formal armistice. What occurred is this: The mediators suggested that hostilities should be suspended during the period of the negotiations. To this Secretary Bryan replied that it was assumed there should be suspension of hostilities, except to repel attack. Gen. Huerta's answer to this was understood to be an acceptance, but the exact terms have not been given out.

Mr. Bryan has several times pointed

out that this did not constitute a formal armistice, but only an assumption that hostilities would be suspended, except to resist aggression. Article 7 of the Hague Convention of which the United States and Mexico are signatories, provides specifically all troop movements pending mediation are not to be suspended, as also Article 8, "The acceptance of mediation cannot, unless by an agreement to the contrary, have the effect of interrupting or hindering mobilization or other measures of preparation for war." If mediation occurs after the commencement of hostilities it causes no interruption to military operations in progress, unless there be an agreement to the contrary.

Leading authorities on international law hold that an armistice, truce or suspension of hostilities should be definite, and not implied.

ARSON FIEND FOUND GUILTY

By Associated Press.

Chillicothe, O., May 8.—Neil Griffith, arson fiend, charged with the kindling of ten fires in this city, was found guilty this afternoon at two o'clock, after a trial lasting ten days.

During the trial both the state and the defense put up a hard battle, but the evidence was apparently conclusive.

OPPOSES STRIKE

By Associated Press.

Indianapolis, Ind., May 8.—That it is not the part of wisdom for the miners in the organized states to engage in general strike at this particular time, was the report today of the Special Committee of the International Executive Board of United Mine Workers of America in session here. It was decided, however, to push the strike in Colorado and an appeal for financial help was issued.

REAPED HARVEST

By Associated Press.

Boston, Mass., May 8.—Francis H. Griffin, a New York attorney, and wife, Clara H. Griffin, were arrested at Groton today, charged with using the mails to defraud. Federal officials claim that by fraudulent representation the Griffins have obtained between \$300,000 and \$500,000.

MISSOURI BULL MOOSE ACTIVE

By Associated Press.

Kansas City, Mo., May 8.—Endorsement of Theodore Roosevelt for the presidency in 1916, absolute disapproval of amalgamation with the Republican party, endorsement of woman suffrage and the county unit prohibition movement in Missouri, are among the provisions of the resolutions prepared for submission this afternoon to the joint meeting of the progressive state committee and county chairmen of the Progressive party.

MINERS STICK TO THEIR JOBS

By Associated Press.

Indianapolis, Ind., May 8.—After stating that the situation had been thoroughly canvassed, the report on the general strike continues:

"We believe that we can better aid our gallant brethren in Colorado by remaining at work, thus insuring in a financial way our fullest support to the men, women and children who have been long engaged in the great struggle in Colorado. We must be in a position to finance properly the strike in that state indefinitely. Of course if conditions in the Colorado strike do not improve, and we do not receive proper protection from the Federal government, this policy may be changed to meet any exigencies that the future might bring."

Tax Rate for State Purposes

State Auditor Donahey has sent formal notice to the several county auditors throughout Ohio, that the tax rate required to be levied for state purposes will be the same for 1914 as it was for 1913.

The announcement of the issuance of this formal notice has caused some little confusion among interested people who had confidently expected, in view of the large additions in personal property to the tax duplicate, that a lower rate of taxation would obtain this year.

The state auditor's formal notification to the county auditors should not cause any uneasiness.

The levy for state purposes, forms a very small part of the total tax rate and the major portion of that rate is fixed by law and therefore not subject to change by the state officials.

For a concrete illustration of the relation of the state levy to the total rate of taxation one may take this city where last year the rate of taxation was a little more than thirteen and one-half mills—the total levy for state purposes was the same last year as it must be, according to the state auditor, this year, a little less than one mill or not one-thirteenth of the total levy.

Of the levy for state purposes, which is less than one mill, the levy for good roads constitutes the greater part—one-half of one mill and the remainder is for state university, common schools and sinking fund.

Neither the state budget commission nor the county budget commission exercises any jurisdiction to change the state levy.

The reduction in the tax rate for this year, which should follow the heavy increase in the duplicate must come from the county budget commissions. These commissions are clothed with the jurisdiction to curtail expenses and to fix the rate of taxation so that it will produce only enough for the needs of the taxing districts. The county budget commissions are not bound by rates fixed by law—it is up to them to fix the rate in accordance with the actual needs of the community.

Referring once more to this city for an illustration—in fixing the rate for Washington the budget commission will, compared with last year, have a range of over twelve mills within which to fix a rate which will provide for the actual needs of the city, after the state levy has been provided for, and if reduction in the rate comes, it can only come through that channel.

Another fact in connection with the state levy which is worthy of consideration is that seventy-five per cent of the total amount realized from the half mill levy for good roads is divided among the counties of the state—not pro rata but divided according to the number of counties. Under that plan Fayette county will receive as much as Cuyahoga—each county in the state the same amount for good roads. Under that plan Fayette county will receive from the state more for good roads purposes than the county will raise itself.

A large part of the common school fund also comes back to the counties under the new school laws. The counties pay nothing to maintain the state government aside from the small fraction of a mill for sinking fund, and for the state university. No general revenue fund is levied for the state.

There is nothing at all in the formal announcement by the State Auditor of the rate for this year which should cause those who expect a reduction in the amount of taxes they will be required to pay, the slightest concern—the confidently expected reduction can only come as a result of the work of the county budget commission, where only the jurisdiction to determine the rate, is vested.

Polling Places In Public Schools Will Help Straighten Political Derangements

BY EDWARD J. WARD, Adviser on Social Center Development, University of Wisconsin

THE first physical step in straightening out our political derangement is the use of each public schoolhouse as the polling place of its district.

THAT A GOOD START HAS BEEN MADE IS EVIDENT IN THE FACT THAT MORE THAN FIVE HUNDRED SCHOOLHOUSES THROUGHOUT THE COUNTRY HAVE ALREADY BEEN PUT TO THIS APPROPRIATE USE. SEVENTY SCHOOL BUILDINGS ARE SERVING AS POLLING PLACES IN CHICAGO THIS SPRING. NEW YORK, WITH SIX HUNDRED AND TWENTY PUBLIC SCHOOLS AND FIVE HUNDRED AND FIFTY-FOUR OTHER PUBLIC BUILDINGS, STILL VOTES IN FOUR HUNDRED AND THIRTY-THREE BARBER SHOPS AS WELL AS MANY POOL ROOMS, BAKERIES, UNDERTAKING ESTABLISHMENTS AND SMALL STORES. ALTHOUGH A BILL FAILED AT THE RECENT SESSION OF THE LEGISLATURE, THE PEOPLE OF NEW YORK ARE STILL STRUGGLING FOR A LAW WHICH WILL PERMIT THE USE OF SCHOOLS AS VOTING CENTERS.

This movement must succeed. Experience and reason make it clear that the PUBLIC SCHOOL IS PRE-EMINENTLY THE PLACE in which the people should voice their will in their own affairs.

THE WASHINGTON DAILY HERALD.

Poetry For Today

COMMON SENSE

She came among the gathering crowd
A maiden fair, without pretense,
And when they asked her humble name,
She whispered mildly, "Common Sense."

Her modest garb drew every eye,
Her ample cloak, her shoes of leather
And, when they sneered, she simply said,
"I dress according to the weather."

They argued long, and reasoned loud,
In dubious Hindoo phrase mysterious,
While she, poor child, could not divine
Why girls so young should be so serious.

They knew the length of Plato's beard,
And how the scholars wrote in Saturn;

She studied authors not so deep,
And took the Bible for her pattern.

And so she said, "Excuse me, friends,
I find all have their proper places,
And Common Sense should stay at home
With cheerful hearts and smiling faces."

—James Thomas Fields.

Weather Report

Washington, May 8.—Ohio—Cloudy Friday preceded by showers east portion; Saturday fair, moderate variable winds.

West Virginia—Showers Friday; Saturday fair.

Illinois—Fair Friday and Saturday; fresh north winds.

Kentucky and Tennessee—Generally fair Friday and Saturday.

Indiana—Partly cloudy Friday; Saturday fair, moderate northwest winds.

Lower Michigan—Fair Friday and Saturday, moderate north winds.

OSCAR A. WHITE
EDITS REPUBLICAN

The Greenfield Republican has changed hands, and Mr. Oscar A. White, former editor of the Republican, is back at the desk with pen, paste-pot and scissors, to once more furnish Greenfielders with the latest.

Mr. J. A. Harps has purchased the Republican plant, which is known as the Greenfield Printing and Publishing Company, and Mr. W. W. DeLong who for several years has had editorial charge of the Republican, retires. Theodore Hammon will have charge of the mechanical end of the plant. He was formerly in charge of that department.

Editor White announces that with in the next two months the plant will be moved to a point opposite the engine house, and the Republican will be enlarged to seven columns.

Mr. White is a most capable man at the head of a newspaper, and has a very pleasing personality which wins many friends.

THE GRADUATES OF JEFFERSONVILLE HIGH

The following class of 20 graduates from the Jeffersonville High school will take part in the play "Endymion" in the annual commencement services to be held in Jefferson hall, May 26th:

Addie Fults, Flossie Fifer, Cadance Haigler, Helen Fultz, Nellie Haigler, Geneva Higbee, Rosa James, Ruth Ladd, Della Moore, Hazel Purcell, Oma Wood, Harold Zimmerman, Omar Wilson, Charles Seibert, Vernon James, Russell Bowers, Roscoe Bowers, Faye Baker, Nellie Brock, Florence Ervin.

The class motto is: "The past is forever gone, the future still our own." The class colors are purple and gold.

Music for the commencement exercises will be furnished by the Jeffersonville orchestra. The alumni banquet will be held at the high school building Friday evening, May 29th.

TWO GREENFIELDERS FACE INDICTMENTS

Harry Hall, the man who shot and seriously wounded Alonzo Murphy in Greenfield, a few days ago, has been indicted by the Highland county grand jury, for shooting to kill, and shooting to wound, with a count for carrying concealed weapons.

O. L. Butler, another Greenfield man, was indicted for assault with intent to kill Ella Butler on April 17th.

Sailsburg Moore, a resident of Leesburg, was indicted upon a serious charge made by his daughter.

Most Children's Diseases Start With A Cold.

Restlessness, feverishness, an inflamed throat and spasmodic cough—maybe whooping cough is starting in. Give Foley's Honey and Tar promptly. It helps the children so very much, and Mrs. Shipps, Raymondville, Mo., says: "I got fine results from it and it is a great medicine for whooping cough." Blackmer & Tanquary.

TIE UP PLANT

Toledo, O., May 8.—One thousand employees of the National Malleable Castings company struck in sympathy with the coremakers of the plant, who have been on strike for nearly two weeks. This ties up the plant. Manager Davidson admitting that practically the entire force is out. The coremakers walked out because of alleged discrimination.

MORMONS KILLED

Douglas, Ariz., May 8.—Persistent reports have reached Douglas that two American Mormon colonists have been killed by Constitutionalists at Colonia Mercles. According to the reports the Americans were seized on some unknown charge and placed under heavy guard. The report has it that the Americans resisted the guards, whereupon they were shot down by the rebels.

WOMAN SAVES A MAN'S LIFE

Manchester, O., May 8.—Dudley Rummins, 21, was dragged from the C. & O. tracks by Miss Riggs, a mail carrier, at Sand Hill station, shortly before the fast mail train was due. Rummins is supposed to have fallen from a freight train.

MANCHESTER

Many local citizens will observe the annual "Mothers' Day" Sunday by wearing carnations.

The white carnation is worn where the mother is dead, and a colored bloom if she is living.

The Buck floral gardens have prepared for the annual event, and now have a large supply of exceptionally beautiful carnations ready for the annual mothers' day, and expect to have enough for every one.

HAIL STORM

A hail storm swept central Fayette county Thursday night, but so far as known no serious damage resulted as the hail stones were not of sufficient size to injure the growing crops to any great extent.

PREPARES FORMS FOR NEW LAND TITLE LAW

Hon. Humphrey Jones Furnishes Attorney General With Forms of Record for Carrying Out New System of Land Title Registration.

EXPLAINS WORKINGS OF THE NEW SYSTEM

Entire Method of Registration Based Upon Utmost Simplicity—Title, Once Obtained, Incontestable, and Realty Deals May Be Closed in Short Order on and After July 1st—Registration in Fayette Will be Rapid.

Hon. Humphrey Jones of this city while a member of the late constitutional convention was the author of an amendment removing certain constitutional objections which had theretofore been found to exist by the Supreme court against the adoption in Ohio of a system of land title registration. This amendment was approved by a very large vote, receiving the second highest vote of any of the forty-one amendments submitted to the people.

Mr. Jones, after the adoption of this amendment, at the next ensuing session of the legislature, which met in January, 1913, took up the matter of getting a law enacted under this constitutional amendment providing for land title registration in Ohio, and was the author of Amended Senate Bill 117, Mr. Greenlund, which finally was enacted into law and approved by the Governor May 6, 1913. After the annual volume of the laws passed by the legislature in 1913, was issued, it was discovered that certain mistakes had intervened in the enactment of the law and these were on special recommendation of Governor Cox corrected at the special session of the legislature last winter.

The law imposes upon the Attorney General the duty of prescribing the forms of record and procedure under the law, and Mr. Jones took up the work in connection with Mr. Boulger of the Attorney General's office, of preparing these forms of record and procedure and has been engaged in the same for several months past.

The work was finally completed and submitted to the Attorney General for approval last week, the Attorney General has approved the forms so prepared and they are now being printed by the state printer so that samples may be distributed to the various publishing houses who may desire to furnish the necessary blanks and records to the various county officers having duties to perform under the law. There are something over a hundred of the forms and Mr. Jones' effort has been to make them so full and complete that neither attorneys or officers would have any difficulty in conducting proceedings under the law.

Registration is to begin July 1st, borrowing money on a note or on

collateral security. The mortgage, together with the duplicate certificate of title is then presented to the Recorder, who registers the mortgage by entering it on the registered certificate and also on the owner's duplicate certificate of title. The mortgage is left with the Recorder, or, if the mortgagor desires to take it away from the Recorder's office, he can have it recorded and receive it back from the Recorder, or the original may be left with the Recorder and a certified copy thereof issued to the mortgagor, which certified copy he can use for all purposes of assignment and release the same as he could the original. The mortgage can also be executed in duplicate, both copies marked filed by the Recorder and one kept by the Recorder and the other delivered back to the mortgagor.

"Some of the many desirable features of the system are, (a) that once the title is registered all defects are cleared up and the title forever thereafter remains and is kept clear of defects, (b) after registration it can be told in a moment's time by a mere glance at a page of the record what the owner's title is and every lien and incumbrance there is against it, (c) dealing with land can be rendered absolutely safe and certain, (d) dealing with land is made simple and expeditious so that transactions in reference thereto can be closed up as quickly and as readily as with personal property, (e) expenses of dealing with land, either upon sale or mortgage, will be so reduced that they will be merely nominal, (f) dealing with land will be so simplified that anybody who knows enough about titles to draw up a deed or mortgage can attend to the transaction as well as the best lawyer.

"Thereafter nothing can effect the title to the property covered by the certificate until it is filed in the Recorder's office and a notation thereof made on the registered certificate of title, and no voluntary lien can thereafter be created against the land unless it is, in addition to being noted on the registered certificate in the Recorder's office, also noted on the duplicate certificate which the owner holds. Thereafter it can always be told by a mere inspection of the registered certificate of title what the character of the owner's title to the land is, and every lien and incumbrance there is against the land. It must all appear on the registered certificate of title and nothing is a lien until it does so appear. The owner can at any time, for a fee of fifty cents paid to the Recorder, have his duplicate certificate continued down to date so as to show all liens and incumbrances that are against the property. The duplicate certificate will then show the exact state of his title down to the minute of the Recorder's continuation thereof. If the owner desires to sell or mortgage his property the transaction can then be closed up in just the length of time it takes to prepare a deed or mortgage—no examinations of titles are necessary, as the owner's duplicate certificate will then show everything against the land.

"In case of a sale the owner executes to the purchaser a deed, a form of which appears on the back of his duplicate certificate of title, turns over to the purchaser his duplicate certificate of title, the purchaser takes the duplicate certificate from the Recorder and the Recorder cancels the old certificate of title and issues a new certificate of title to the purchaser, carrying forward on it all liens and incumbrances which are not paid off at the time of the sale. The new certificate of title in turn shows exactly the state of the title in the purchaser and is absolutely indefeasible and incontestable.

"In other words, when a purchaser gets a certificate of title from the state he may rest assured that his title will never be disturbed. In case a registered owner should desire to make a loan upon his property all that is necessary for him to do is to have the Recorder, for the fee of fifty cents, to continue his duplicate certificate of title down to date, present continued duplicate certificate to the person who is loaning him the money, and the mortgage can be executed and the deal closed up almost as quickly as if he were

up almost as quickly as if he were

on

the

land.

PERSONAL PARAGRAPHS

Miss Elizabeth Ballard left Thursday for Cleveland to meet her sister, Miss Louise Ballard, who is taking a hospital course in trained nursing in New York and coming home for a two weeks' visit.

Mr. Arthur Burgett has been a business visitor in Kenton the past two days.

Miss Edna Thomas, of Pancoastburg, has been Miss Chloe Bonecuter's guest the past two days.

Mrs. Austin F. Hopkins is entertaining today Mrs. A. S. Kah, of Frankfort, president of the Chillicothe Presbyterian; Mrs. Myrtle Stinson and Mrs. E. W. Patterson, of Greenfield; Miss Anna Welsh, of Chillicothe, who are here as the "Appropriation Committee" of the Presbyterian for executive session.

Mr. and Mrs. W. A. Tharp are the guests of their son, Mr. Ed M. Tharp and family in Columbus to attend Ringling Brothers' circus.

Mrs. A. L. Teeters returned to her home in New Holland yesterday, after a visit with her parents, Mr. and Mrs. Frank Flee.

Mr. and Mrs. Walter Hamilton, Mrs. D. H. Van Winkle and Mrs. Anna Henkle motored to Cincinnati Friday morning for a couple of days' stay to attend the May Festival.

Mr. Clayborne Coffman is a business visitor at Richmond, O.

Mr. Carl Summers is spending a couple of days at his home in Jackson.

Mr. C. Graham Beckel, of Dayton, joined his wife and little son, at the home of Mrs. Beckel's mother, Mrs. Carrie B. Willis Thursday evening.

Mrs. Wert Heglar, of Peoria, Ill., is the guest of her mother-in-law, Mrs. Maria Heglar and sister-in-law Mrs. M. S. Daugherty, enroute from Washington, D. C., where she was a delegate at the annual D. A. R. convention, and also a delegate at the Drama League convention, held in Philadelphia, Pa.

Mr. and Mrs. George Worrell went to Columbus Friday morning to attend Ringling Brothers' circus.

Mrs. W. A. Kinner arrived Thursday night from New Britain, Conn., for a two weeks' visit with her daughter, Mrs. O. A. Clark. At the expiration of her visit she will be accompanied home by her mother, Mrs. Nissen, who has been visiting Mrs. Clark for the past year.

Mrs. Joseph Avann, of Gary, Ind., who has been in Columbus attending the National Foreign Missionary convention arrived Friday afternoon to join her mother and little daughter and visit her brother, Mr. George Chaney and wife.

Mrs. J. C. Greiner and daughter, Mrs. R. M. Hughey, returned Thursday night from Cincinnati where they spent several days attending the May Festival and other attractions.

Mr. and Mrs. Floyd Dunston are spending the day in Jamestown.

Mrs. J. L. Rothrock, daughter, Mrs. Byron Gifford, of Grand Rapids, Mich., and little granddaughter, Georgiana Glascock, are in Columbus today attending Ringling Brothers' Circus.

Mrs. Patrick Moore, of Lancaster, is the guest of her sister, Mrs. Mary Kennedy, coming over to attend the funeral of Mr. John Cullen.

Mr. and Mrs. Arthur Miller, of Dayton, are guests of Mrs. Miller's parents, Mr. and Mrs. E. J. Fultz.

Mr. P. L. Rodgers leaves the first of the week for Warsaw, Ind., to settle the estate of an uncle, Mr. Albert M. Rodgers.

Warren Grove is home from Dayton visiting his parents, Mr. and Mrs. George Grove, while the National Cash Register is closed down for ten days.

Mr. and Mrs. Michael Hollihan are visiting relatives in Columbus to attend the Ringling circus.

Mr. O. R. Elyar, of Rainsboro, was a visitor here Thursday enroute from a business trip to Columbus.

Mr. George Cox is in Columbus today attending the Ringling circus.

Mr. and Mrs. H. B. Dahl left Thursday for a stay of several days in Cleveland.

Mrs. C. F. Parker has broken up housekeeping and will make her home for the present with Dr. and Mrs. L. P. Howell. Mrs. Parker has rented her home on W. Temple street to Mrs. Homer Bireley.

Miss Lucile Jefferson, of Bloomingburg, is the guest of Mrs. Elton Marine, of the Creek Road, this week.

Mr. and Mrs. W. J. Galvin are spending the day in Jamestown.

Master Duane Neal delightfully entertained 28 little girl and boy friends Thursday afternoon in honor of his eighth birthday. The children found amusement in a variety of games and contests in which Donna Bowen, Mildred Todhunter, Dorothy Bennett and Ralph Briggs won prizes.

The table was a picture, with little Boy Blue asleep by the hay stack; his sheep in the meadow and cows in the corn. The children marched around the table, blew horns to arouse him from his sleep, and had a jolly time altogether.

The house was fragrant with huge

bunches of lilacs and haw blossoms, and at the close of the merriment the children were served with an appetizing lunch and received dainty little May baskets of candy.

Mrs. Walter Ellis gave hospitable entertainment to the "500" club Friday afternoon.

The Friday Auction Bridge club, with an additional table of guests, was indebted to Mrs. P. A. Altland for enjoyable entertainment this afternoon.

Mrs. Conrad Schweitzer pleasantly entertained the Young Matrons' Bridge club with a few additional guests yesterday afternoon. Mrs. Byron Gifford, of Grand Rapids, Mich., was among the guests.

The engagement of Mr. Raymond Hammer, son of Mr. and Mrs. William Hammer, to Miss Mabelle Beimer, daughter of Mr. John Beimer, a retired merchant, of Rosemont Road, East Cleveland, has been officially announced, and will be of much interest to many Washington friends of the future bridegroom.

Mr. Hammer has made his home in Cleveland for some years and holds an excellent position in the Railway Mail Service.

Miss Mary Dahl Tysor was up from Ward-Belmont spending the week end with her parents, Mr. and Mrs. W. A. Tysor, at their country place, "Cedar Lodge". Miss Tysor brought as her guests Misses Ruth Johnson of Celina, O.; Bernice McLean, of Lancaster, Mo.; and Ona Simms of McKinney, Texas. The coming week end Miss Tysor's guests will be, Misses Hazelde Anderson, of Bristol, Va.; Edna and Pearl Webb, of Whiteville, Tenn., and Sallie Maud and Amelia Ray, of Monterey, Tenn.—Summer County News, Gallatin, Tenn.

Mrs. D. E. Marine and daughter-in-law, Mrs. Elton Marine were hostesses to the Sugar Grove W. C. T. U. Thursday afternoon.

Papers were contributed by Messes Tasso Post and Frank E. Haines, and Misses Edith Moore and Iva Haines.

After the usual physical culture study, the hostesses served delicious refreshments and there was an enjoyable social hour.

Mrs. Clayborne Coffman delightfully entertained the Friday Kensington club this afternoon.

RUMMAGE SALE

Any and everything will sell at the Episcopal church Rummage sale Saturday, May 9th in the Hunt building on South Main street. What have you to donate? Call Clitz, phone 413 or 605.

TWO WILD CARS STOPPED BY AGENT

What might easily have resulted in a very serious wreck occurred at Leesburg a few days ago, when two freight cars from a B. & O. train became separated from the main train and ran wild toward Leesburg.

A farmer noticed the two speeding cars and running to his home he telephoned the B. & O. agent at Leesburg to be on the lookout for two cars running wild. Agent Fultz lost no time in rushing to the nearby switch and throwing it so the cars were turned upon the siding, and were boarded and brought to a standstill with no damage resulting.

The train crew which lost the two cars were penalized for carelessness.

WILL ENTERTAIN BROTHERHOOD The Senior Brotherhood class of the Presbyterian Sunday school will be entertained by Rev. P. J. Hennessy Friday evening for a social evening.

CONSUL IS STILL MISSING

Washington Has No Knowledge of Silliman's Whereabouts.

MEXICAN OFFICIALS RETICENT

British Ambassador Lodges Complaint Against Mexican Bandits Who Are Said to Have Killed Two Englishmen — American Refugees From Tampico Arrive In Washington With a Grievance.

Washington, May 8.—There are several developments adding to the perplexities of this government in the Mexican situation. For one thing, a delegation of Americans who have property in Tampico arrived in Washington for the purpose of making vigorous protest to government officials over the treatment they had received. They complained not only because they had to depend upon British naval vessels to take them from Tampico, but they were wrathful that they had been compelled to leave their property in Mexico without any protection from Mexican forces.

Of more importance upon the Mexican situation, though, was a message delivered to the state department by Sir Cecil Spring-Rice, the British ambassador. He informed Secretary Bryan that the British embassy here had received word from the British minister in Mexico City that one American had been killed and seven were held prisoners in a mining dis-

RODNEY J. DIEGEL.

Diegel has just been released from the Ohio penitentiary. He was formerly sergeant-at-arms of the state Senate and served three years less good time in the pen for complicity in bribery unearthed by a detective agency.

trict near Guadalajara, in the state of Jalisco. The British ambassador added that two Englishmen also had been killed and another was held with the Americans. The note from the British embassy was a reminder that Great Britain would expect the United States to take steps to clear up his new development. The territory in which the American and British subjects lost their lives is under the control of bandits, acknowledging neither Carranza nor Huerta. Investigations already have been set on foot.

The failure of the Mexican authorities to furnish any information as to the whereabouts of John R. Silliman, American consul at Saltillo, is another development that has given a more serious turn to the situation. If the American consul has been imprisoned by the federals it will be one of the most serious affronts charged against the de facto government of Mexico.

Representatives of oil interests at Tampico informed Secretary Bryan that in consequence of their enforced absence from Mexico their leases are being transferred to rivals. This is understood to mean that British concessionaires are the beneficiaries. It is understood that these titles are being transferred in Mexico City, and some of the Americans say they face financial ruin in consequence.

HOUSE FOR WARSHIPS

SPARTANA is a varnish stain. Popular, because practical—made by a practical house. For re-finishing floors, wood-work and scuffed furniture it has no equal.

Made in a great variety of colors and shades, it is a universal beautifier, renewer and home brightener. The surface it produces is hard, elastic, lasting. Get a can and get busy.

CURBING BILLS TO COME UP

Democratic House Leaders Call a Party Caucus.

WILL BE HELD NEXT TUESDAY

Bill to Control Railroad Stock and Bond Issues and Carrying Drastic Provisions For Prior Federal Approval of New Railroad Capitalization Is Reported by the House Committee On Interstate Commerce.

Washington, May 8.—Democratic leaders in the house, anxious to get congress out of Washington by July 10, called a party caucus for Tuesday, through which they hope to expedite consideration and passage of the anti-trust bills on the administration program. The caucus will determine the length of time the measure shall be debated in the house and in compliance with its decision the rules committee will frame an order under which the debate will proceed.

Predictions as to the time to be given Democrats, Republicans and Progressives varied, but it is probable that the bill will be put to a vote within the next two weeks.

A bill to control railroad stock and bond issues, carrying drastic provisions for prior federal approval of new railroad capitalization and for publicity all along the line, was agreed upon and reported by the house interstate commerce committee. This measure is framed as an amendment to the interstate commerce law and is safeguarded against being interpreted as a federal guarantee of securities by a specific disclaimer. It would affect every railroad and other carrier engaged in interstate commerce.

The committee's report, submitted by Representative Adamson of Georgia, the chairman, said the proposed law could be enforced by injunction against unlawful conduct and by judicial punishment of violators of the law.

Pointing out that it was understood the judiciary committee was not dealing with the directorates of railroad companies, the report said a provision had been included in the bill to prevent common directorates and management. Except when peculiar conditions render it necessary, the interstate commerce commission may sanction such duplicate officeholding. The bill provides for personal guilt and penalty provisions against officers who issue stocks and bonds without lawful authority or who violate the proposed law against applying the proceeds of stocks and bonds to improper purposes.

DIEGEL IS OUT

Columbus, O., May 8.—Rodney J. Diegel, formerly sergeant-at-arms of the state senate, left the penitentiary, presumably for Sandusky, his former home. Diegel completed his prison sentence of three years, less good time, making a total of time served of two years, two months and six days.

CLASH AT VERA CRUZ?

Washington, May 8.—A report reached here that a clash had come between the American forces at Vera Cruz and the Mexican troops, whose presence near the city has twice been made known within the past week. The war department declined even to comment upon this report. A dispatch received from General Funston was not made public.

CHARLES BECKER.

Former New York police officer accused of being the instigator of the murder of gambler Herman Rosenthal, now on trial the second time for his life.

BECKER TO TAKE RACK

Wife Urges Him to Take Stand In His Own Behalf.

New York, May 8.—Charles Becker means to risk the greatest of all hazards in his case, meeting the leveled eyes of 12 jurymen while he testifies in his own defense and endures the district attorney's severest attack.

Becker believes that his failure to face the jury in the former trial made a bad impression upon that jury, and although he knows that the district attorney will take up graft, he feels that his coming out in the open and thereby permitting Mr. Whitman to bare his past is a lesser peril than lingering at his counsel table when the eyes of the jurymen turn questioningly upon him. Becker's determination to take the stand is the result of Mrs. Becker's persistence that he should stand up himself and say to the jury that Rose, Webber, Vallon and Schepps are liars.

The information that Mr. Cockran, who so ably bombarded the court Wednesday with accusations that the district attorney had committed contempt of court in giving out statements tending to prejudice the community against the accused man, was himself under investigation for contempt, astonished the lawyers in the case. It appears, however, that affidavits have been offered to the district attorney reciting that when Mr. Cockran was leaving the criminal courts building he paused long enough to remark with a gesture that he was through with the Becker case because it was an assassination. Mr. Cockran declares he had made no such comment. Mr. Cockran is likely to make the opening address to the jury and is practically certain to make the closing appeal.

CAR DERAILLED SEVERAL HURT

Mansfield, O., May 8.—Two men were seriously injured, three were bruised and cut and seven others were badly shaken up when a Cleveland and Southwestern interurban car leaped the tracks at a curve two miles west of Mansfield. The injured include Don Lindley, Mansfield; A. A. Eberle, Mansfield, and N. Sheehan, Canton. The front trucks of the car dropped into a deep ditch, hurling the passengers into a heap in the front of the car. The rear trucks did not leave the rails, but the angle at which the car rested forced the roof against the trolley wire.

Red Cross Ball Blue, much better, goes farther than liquid blue. Get from any grocer. adv

FUNERAL OF JOHN CULLEN

A large concourse of sorrowing friends and business associates crowded St. Colman's church Friday morning at nine o'clock, for the funeral of Mr. John Cullen. It was a gathering which testified to the high esteem in which Mr. Cullen had been held in the community.

The "Holy Name Society," of which the deceased had been a valued member attended in a body and there was a full corps from the different departments of Dahl-Millikan Wholesale Grocery, in which establishment Mr. Cullen had held a responsible position for a bout thirty years.

Rev. Father Fogarty read the requiem mass and delivered an impressive sermon, in which he eulogized the deceased in the highest terms.

The pastor spoke of the sterling

character of the man, his great devotion to home and family and to his church, and the same conscientious devotion to his business and employment.

The music of the mass was beautifully sung by Miss Regina McDonald and Mrs. Oscar Kellhofer, with Miss Margaret Kellhofer, organist.

Acting as pallbearers were Messrs. John Culhan, V. J. Dahl, John McDonald, E. N. Holloway, Fred Schmid and Pete McRoan.

The burial was made in St. Colman's cemetery.

Among the large number of beautiful flowers sent by relatives and friends there was a basket of lilies and roses from the Dahl-Millikan Co.; casket spray ascension lilies and snap dragons from boys of Dahl-Millikan shipping department; spray of calla lilies and snap dragons from boys of the office and carnation spray from girls of the office; wreath from the Dahl-Millikan salesmen; cross from the Holy Name Society, and wreath from Buzzard's Roost camp. There were also offerings of six Mass cards from friends.

Relatives and friends coming from a distance were the daughter, Mrs. Chas. Link and family, of Bloomville, son, Robert, of Columbus; Mrs. Cullen's mother, Mrs. Michael Dempsey, sister, Mrs. R. A. Ryan, brothers, Peter Dempsey, Will Dempsey, of Columbus and Tom Dempsey, of Dayton; Mrs. McIntyre, Mr. and Mrs. Wm. Dunn, Mrs. Martin Barry, Mrs. P. J. Dempsey, of Columbus; Mrs. Doyle, Mrs. Patrick Moore, Miss Kernan, Miss O'Hara, Lancaster; Miss Frances Ward, Connerville, Ind.; Mr. and Mrs. Joe Boning, Cincinnati; Mr. Chas. Brady, Logan.

Having Their Pictures Taken

This picture is a comedy riot with a continuous scream from start to finish.

170 tons, another is 26 feet by 16 1/2 feet, and such an animal could not have existed at such an elevation. Skeletons of gl-

monoliths of ancient Egypt equal those found in Tiaquana. The movement and placing of such monoliths point to a dense population, to an organized government, and consequently to a large agricultural area with means of transportation from various directions. The only tenable explanation is that at the time when Tiahuana flourished the Andes were much lower than at present, perhaps when the cave man of Britain was fighting for his life with cave bear, wild boar, and mastodon, and sketching their bone pictures on the walls of his primitive, subterranean dwelling.

Clocks Are Different. Pugilists always shake hands for the windup, but clocks don't have to.—Philadelphia Record.

Tiahuana is located on the railroad which connects La Paz, the modern capital of Bolivia, with the part of Guaqi on Lake Titicaca and may be reached in about two hours from the former place. The ruins of ancient Tiahuana, covering an area of about a square mile, are not over a half mile from the village," writes Edward Albee in the Monthly Bulletin on the Pan American Union, Washington, D. C.

"A traveler stopping in the little town, and ignorant of the proximity of the ruins, would be astounded to observe the number of beautifully cut stones built into parts of adobe huts of the most primitive character, and sometimes forming portion of a squalid patio. A doorway to a dilapidated, thatch-roof hut, may have a lintel or jamb formed by an artistically carved stone. In the walls of the little Catholic church and in those enclosing its yard, and even in the paving, may be seen these smooth stones. The pedestal on which is mounted the stone cross in front of the church is made up of them, while on either side of the gateway to the inclosure stands a carved stone idol whose lines, marred by the ravages of time, still show the artistic skill of the ancient sculptors who wrought them."

Thus the ruins of the ancient city have furnished much of the material to build the village of today, and while the strict utilitarian may find no fault with this work of destroying the artistic monuments of a hoary antiquity to cater to present needs, to the student of archaeology it seems almost like desecration. The Bolivian Government has recently enacted a law which forbids the carrying off or wilful destruction of that portion of the ruins which vandals have left intact.

The ruins themselves include the remnants of temples, palaces, and great structures of what once must have been a large and densely populated city. Not a vestige remains of the dwellings and less pretentious houses in which this population must have lived. These were naturally of a more temporary character and the relentless agents of destruction, crushing four barges and scattering 125,000 bushels of coal in deep water, have obliterated all traces.

The question which confronts the archaeologist is—how could a population sufficiently numerous to accomplish the building of such a city have maintained itself in this region? The ruins are located 13,000 feet above the level of the sea on a vast plateau where the constant cold prevents the maturing of corn or other grain. At present potatoes, oca, and some other edible roots are grown, but the region sustains only a scanty mountain population. The city once covered a large area, the great structures were built by skilled masons. One stone is 36 feet long by seven feet wide and weighs

13,000 feet above the sea, and such an animal could not have existed at such an elevation. Skeletons of gl-

monoliths of ancient Egypt equal those found in Tiaquana. The movement and placing of such monoliths point to a dense population, to an organized government, and consequently to a large agricultural area with means of transportation from various directions. The only tenable explanation is that at the time when Tiahuana flourished the Andes were much lower than at present, perhaps when the cave man of Britain was fighting for his life with cave bear, wild boar, and mastodon, and sketching their bone pictures on the walls of his primitive, subterranean dwelling.
